Service Learning: Psychiatric Rehabilitation Association

服務學習：新生精神康復會

The members of BHJS Community Service Society attended a latte art workshop organized by the Psychiatric Rehabilitation Association at Lov Lov Coffee on 4 Jan 2020.

During the workshop, our students cooperated with recoverees to use food colouring to draw patterns on foam-topped coffee or chocolate. Besides this, our Jubileans and the recoverees worked closely together to make creative pancake art in a pan. Our students enjoyed this hands-on experience making their own beautiful latte and pancake art. Most importantly, they were taught to dispel the radical prejudice against the recovered patients in society.
