## Dialogue with CEOs and Entrepreneurs Mr. Sebastian Man

### Mr. Sebastian Man,

**An alumnus of MIT, Harvard Business School and  
CEO of Chung Mei Industries Limited**

The Life Planning Education Committee and the Student Union successfully held the 3rd round of Dialogue with CEOs and Entrepreneurs on 19th March 2021 in the Conference Room. Mr. Sebastian Man, an alumnus of MIT, Harvard Business School and the CEO of Chung Mei Industries Limited, was invited to share how his experiences in primary, secondary and tertiary education affected his career choices and life planning. Through the lively sharing by Sebastian, our F.4 & F.5 students were fully engaged, and they grasped the golden opportunity to make further queries on business management as well as success tips.

Sebastian encouraged the students by recommending a movie called "From Homeless to Harvard" to highlight the importance of education despite facing hardships and difficulties. We look forward to the next round of Dialogue with CEOs and Entrepreneurs.
