Speech Day 2019

Our F.6 graduates celebrated the successful completion of their six-year academic journey at the 56th Speech Day held on 7th December 2019. To commemorate their graduation, we designed Speech Day booklets for the guests and decorated the campus with a giant eye-catching helium balloon, exquisite banners, as well as backdrops.

We also set up a photo booth for Jubileans and their families to capture memorable moments. Floating high up in the sky, the balloon conveyed our best wishes to all graduates of the Class of 2019: spread your wings and fly!

Mr. Malcolm Au Man Chung, the founder of iDream3 Foundation Limited, presented prizes to students in recognition of their hard work and outstanding achievements. A unique graduation pin was given to every F.6 graduate at the ceremony. The pin is meaningful to the graduates as it not only symbolizes the beginning of a new chapter in their lives, but also serves as a reminder of their good times at BHJS. Yinok Hui, one of our HKDSE top achievers, proposed a hearty and inspirational vote of thanks to all teachers and companions for sharing good times and overcoming hard times together. Congratulations to the Class of 2019!
