Nanxiong Rural Experience Tour

17-20 April 2019

Twenty students from F.4 and F.5 joined the Nanxiong Rural Experience Tour from 17-20 April.

During the tour, students visited primary schools of Yingde and Nanxiong, where they held lessons, organized activities, performed and played mini-games with the children. Stationery and gifts were presented to the schools.

Our students visited some of the children in their homes where they shared stories about their daily lives. Students also had the opportunity to visit the Zhuji Alley where people honour their own family names with shrines. The educational and social conditions of Nanxiong were also explored through visiting, serving and exchanging cultures at Nanxiong No.1 Middle School and the Nursing Home for the elderly at Nanxiong.
